

Demand of Sponsorship

To save and relocate the Painchaud Covered Bridge built at St. Method in 1913
Town of St.Felicien, sector St.Method

Good day all.

The directorship of the Painchaud Covered Bridge Foundation, a non-profit organization set up in October 2008, by which I am authorized, is asking for your help and generosity to realize a revalorization plan. This is a project which will help enhance the touristic and patrimonial appeal of our region of Saguenay-Lake St.John.

The Foundation was set up to cover the cost of salvaging, relocating and restoring the Painchaud bridge. It will also cover maintenance and care and also cover environmental work to be affected to the site.

We are asking you to help us save this important structure, one of the last covered bridge in the area. The amount sent to us will indeed be a great gift for which we will be grateful and appreciative. We will soon obtain a non profit charter and every \$20 donation will be tax deductible.

Cheques can be made to the "Fondation Pont Couvert Painchaud" and you can also use the PAY PAL system set up on our website:

www.pontpainchaud.com

Do not hesitate to contact us with inquiries!
